THE PAPERBOATS	Portugal	Surviving The Flood	Digipak CD	Alternative Rock	2011	Self-Released	10,00	12 Tracks
----------------	----------	---------------------	------------	------------------	------	---------------	-------	-----------

It all started in 2009, when Paul da Silva (Still as solo artist) opened the first part of The Script's concert in the Aula Magna, Portugal. It was then that Paul and the other musicians met, and shortly thereafter decided to head to London to record the debut album, "Surviving The Flood." The debut album of the band has 12 tracks,

predominating a Alternative Rock sound, with many British influences.

The Paperboats are a Portuguese band from Aveiro, made up of four elements, In addition to Paul Silva, musician and composer, The Papperboats are still made up of Pedro Menano on drums, Christian Ferraz on bass, and André Branquinho on guitar.

"Surviving The Flood", their debut album, was recorded in London and since then the group has found its own space in the Portuguese musical scene.

VALIUM	(Portugal)	Pesadelo Real: Anthology 1985 – 1988"	CD	Heavy Metal	2014	Lusitanian Metal Classix (*)	9,00	08 Tracks (**)
(*) LUSITANIAN METAL CLASSIX SERIES, made up by the Portuguese labels Blood & Iron and Metal Soldiers, which in the first release (V 12) teamed up with Guardians of Metal, but now replaced by the revamped 90's label Non-Nobis Productions. Our aim is to bring to the collectors Heavy Metal market the unknown glories of Portuguese Metal from the 80's decade and also the worthwhile traditional Metal done in the 90's. We will bring you more bands, from Heavy Metal to Thrash Metal in the future. Stay tuned! Portuguese band VALIUM formed in 1982 and are surely one of the many lost Portuguese 80's Metal treasures. They recorded their first demos in 1985, where at the time they had a strong and dark Heavy Metal influence refined by bands such as MANOWAR, IRON MAIDEN and MERCYFUL FATE. By 1988, they became more influenced by the American Melodic Metal scene when they changed name to CASABLANCA and under that name they recorded 3 albums from 1990 to 1999, another in 2002 and a 7" in 1993. A few years later, they disbanded. This band is considered among the true Metal fans in Portugal, heroes of the underground, speding three decades against the grain, ignoring trends and making pure Heavy Metal music. The core members are the three inseparable brothers João, José and Jorge Figueira, who formed the band back in 1982 and still are Hard Rock/Metal fans to the present day. Remastered edition with thick booklet full of rare photos, memorabilia, biography and lyrics. Enter VALIUM: one of the best 80's Heavy Metal bands from Portugal. (**) Here's the track's titles of this CD: 01 – Crepúsculo (May 1986); 02 – Anjos (November 1985); 03 – A Noite (May 1986); 04 – Pesadelo Real (May 1986); 05 – Quem (December 1986 – January 1987); 06 – Belo e Feio (October 1987); 07 – A Demanda (July and August 1986); 08 – Perfeição (April 1988). https://www.discogs.com/sell/item/380505674
